

## Foundations of Capability and Building Development Excellence Courses (CMMI V2.0)

Gain insight into one of the industry's most successful Performance improvement reference models!

MOSAIC Technologies Group, a CMMI Institute Partner, is providing a public offering of the CMMI Institute's official Introduction to CMMI for Development (CMMI-DEV) course. This three-day course provides a high-level overview of the CMMI-DEV and gives attendees good information on how to use the model for process improvement and process appraising. Attendees receive 25 Professional Development Units for PMP certification.

**Class Dates**  
Sept. 18-20, 2019

**Location**  
MOSAIC Technologies Group, Inc.  
8135 Maple Lawn Blvd, Suite 450  
Fulton, MD 20759

**Class Cost**  
\$1500\*  
\*MOSAIC offers a \$100 discount for companies that send five or more students to one of our public courses.

Our instructor, David Quinn blends model knowledge and industry experience with humor and numerous war stories to make the CMMI relatable to students. Being a CMMI Lead Appraiser, he also provides insight into CMMI appraisal activities as part of the course. As a Certified Scrum Master, Mr. Quinn is able to communicate how Agile methodologies can be supported/enhanced by the CMMI.

Course topics include:

- Model-based process improvement
- Overview of CMMI components
- Practice areas of CMMI V2.0 model for Development
- Applying the model to different development environments
- Making practice habitual and persistent
